Time to take the fun outside.
LIFX has been lighting up bedrooms and living rooms with SuperColour for a decade and now it's time to light up your gardens and outdoor spaces. The LIFX Outdoor Neon Flex is a water resistant wonder light that will transform your garden into a PolyChrome wonderland.
Shape it.
Outline pathways, landscaping and architectural features—or shape your own design. Not only can it illuminate your outdoor space with classic warm ambience, but it can shift into vibrant colour and dynamic motion that transforms your garden into a wonderland.
Colour me happy.
It has LIFX Polychrome, so you can create mesmerizing textured light and effects made up of many tones with one light and 60 addressable colour zones. More zones mean more colour

mixing for unique looks and casting reflections that feel like, well, magic.

App, voice, automate.

Want to set the mood for a special evening? No problem. With the LIFX app and a 2.4GHz Wi-Fi connection, you can effortlessly adjust your Neon Flex to match any occasion. Whether it's a romantic dinner under the stars or a lively outdoor party, your lighting will always be on point. And for those who prefer a hands-free experience, the Neon Flex plays nicely with all the major platforms, including Hey Google, Apple HomeKit, Amazon Alexa and Samsung SmartThings. Just use your voice to command the perfect lighting setup, schedule to suit your lifestyle or hit quick presets to elevate your outdoor lighting from ordinary to extraordinary.

Designed in Melbourne.

Did you know LIFX started in Melbourne in 2012? And they are still based in the creative tech-hub of Cremorne. Their team of in-house Engineers and Product Designers worked passionately on the Outdoor Neon Flex with the goal of bringing the best and brightest offering of Smart Lighting to Australia, and the rest of the world.

**LIFX colours have tested up to 5x more powerful than other smart brands across flagship products. Visit lifx.com/supercolour for details.*

**Compatible with:** Matter, Google Home, Apple Home, Alexa, Samsung SmartThings, Home Assistant, Razer Chroma.
