LIFX SuperColour 380mm Smart LED Flush Mount with RGB + Full White Spectrum in Black

SKU: 181094

$249.95 (inc GST)

Details

Let the LIFX SuperColour Flush Mount Ceiling Light transport you away. From fluffy clouds, sunrises and sunsets to a morphing aurora, your ceiling will come alive. Featuring our famous SuperColour LEDs as well as a huge cool-to-warm range of whites.
Key Features
2850 Lumens = 150W incandescent equivalent
Individual uplight control and 56 addressable downlight zones
Works with Matter over Wi-Fi
No hub required (when onboarded with the LIFX App)
LIFX SuperColour LEDs = 5x brighter colour*
Broadest white spectrum 1500K - 9000K
A portal to new experiences.
Be transported with brand new lighting experiences like you've never seen before. Choose from a library of custom designed FX, from an overhead sky with passing clouds, to forest canopies, abstract art and dynamic visual effects, to suit your mood.
Polychrome Blended Colour.
Showcasing the very best of LIFX's famous Polychrome Technology, this light uses a grid of lighting zones to push the boundaries of what one light can do. With its smooth zone blending and simple instant gradients, you can even mix shades of white to create subtle but stunning looks.
Nightlight / Uplighting.
Go from ultra bright task lighting during the day to moody evening effects, and finally, the perfect night lighting, with an individually controllable up-light. Control full colour, dimming and automation for the up-light alone, turning the illuminated surface off for low lighting situations.
Award-winning LIFX SuperColour.
With LEDs selected for extra colour depth and brightness, as well as custom 'brains' that balance and smooth colour output in real-time, the LIFX Ceiling gets all the benefits of LIFX's incredible signature colour experience.
Matter compatible & even more connected.

We've added Matter to the brains of this LIFX, which means it can talk to lots of other smart devices and platforms seamlessly, using the new universal system for smart.
Designed in Melbourne.
Did you know LIFX started in Melbourne in 2012? And they are still based in the creative tech-hub of Cremorne. Their team of in-house Engineers and Product Designers worked passionately on the LIFX Flush Mount Ceiling Light with the goal of bringing the best and brightest offering of Smart Lighting to Australia, and the rest of the world.
**LIFX colours have tested up to 5x more powerful than other smart brands across flagship products. Visit lifx.com/supercolour for details.*
Compatible with: Matter, Google Home, Apple Home, Alexa, Samsung SmartThings, Home Assistant, Razer Chroma.
