Details

Loch collection

The Loch collection showcases an organic, pebble-like form, blending subtlety and sophistication in a compact yet impactful design. Perfect for modern interiors, it features a replaceable GX53 lamp that provides ample illumination for task areas, making it ideal for kitchen bench lighting.

Choose from four versatile glass and metal combinations to suit your style: milk glass with aged brass for retro elegance, opal glass with polished chrome for timeless appeal, smoked glass with blackened nickel for moody sophistication, or sepia glass with bronze for a warm, mid-century-inspired touch.

Position Loch pendants in a neat row above a kitchen island for balanced, even lighting, or cluster them for a striking focal point. Complete the look with the matching flush mount and floor lamp designs for a cohesive lighting scheme.

TIP:

Use dimmable globes with the Loch collection to transition seamlessly from bright task lighting to a soft, ambient glow.
