

Loren Table Lamp in Natural Travertine and Oak-finish Timber

SKU: 281105

Details

The Loren table lamp combines natural travertine and solid oak with a natural linen shade, creating a layered design that highlights the contrast between stone and timber. The stacked materials form a sculptural base, showcasing the natural textures and tonal variation of the materials. The linen drum shade softly diffuses the light to create a warm and comfortable ambient glow, while the natural materials and neutral palette make the lamp easy to style across a range of interiors. With its balanced proportions and material detailing, the Loren table lamp works well on bedside tables, consoles or side tables, complementing coastal, contemporary and relaxed living spaces.

Specifications
