

Lucci Air DC Fan Wall Controller in White

SKU: 216185

Details

The Lucci DC wall controller provides a permanent wall-mounted alternative to a handheld remote, keeping fan and light controls exactly where you need them. Designed to complement the Lucci Power Gravity switch range, it pairs wirelessly with compatible Beacon fans that use a USB-C rechargeable remote. Control fan speed, power, timers, light dimming and colour temperature from a sleek fixed wall plate without direct wiring to the fan itself. Installation requires mains power only, making it an easy upgrade for compatible fan models. Finished in gloss white, the controller delivers a clean, integrated look that suits modern interiors.

List of compatible fans:

Apostle
Atlanta
Aria (DC models only)
Basilica
Carolina II
Climate IV (CTC models only)
Curlon
Marine
Osprey
Radar
Sable
Slipstream
Valerian
Vine
Whitehaven
