Details

Upgrade your ceiling fan with the all-new Lucci Connect Wi-Fi Module, designed to bring smart functionality right to your fingertips.
With the Lucci Connect app or voice control, you unlock a world of convenience and customisation. Control your fan with a tap on your smartphone or a voice command. Turn it on or off, adjust the fan speed to your liking, set timers for automated operation, and even create personalised schedules based on the outdoor temperature. The Lucci Connect app seamlessly integrates with your fan, giving you complete control over your comfort.
And here's the best part: even after connecting your fan to the Lucci Connect app, you can still use the traditional remote control as needed. Switch between control methods effortlessly to suit your preferences.
Upgrade to the Lucci Connect Wi-Fi Module today and experience the future of fan control. Embrace the convenience, energy efficiency, and personalisation that smart technology brings to your home.
