

Lucci Connect Gecko Glow LED RGB Spike Spot in Black

SKU: 221040

Details

Introducing Gecko Glow: a fresh addition to Lucci Connect's Gecko Garden lighting series, available in spike spot, bollard, and a path light. Its frosted lens softly diffuses light, while the illuminated diffuser adds lively bursts of colour, infusing playfulness into your outdoor space. Effortlessly control Gecko Glow via the user-friendly Lucci Connect app. Command your ambience by selecting preferred hues or enjoy seamless transitions across the RGB and white spectrum. The dimmable feature offers personalized brightness. Smart timers ensure your garden stays illuminated at your convenience. This product seamlessly integrates with the existing Gecko range, including spike spot, bollard, and path light options. Designed to endure Australia's elements, Gecko Glow boasts a coastal rating, 95-degree beam angle, and straightforward installation with IP-rated cables through the 24-volt Lucci Connect Gecko quick connect system. Backed by a reassuring 5-year warranty, Gecko Glow promises years of radiant enjoyment.
