

Lucci Power 150W LED Electrical Push Button Dimmer in Black

SKU: 290992

$79.95 (inc GST)

Details

Introducing the Lucci Power 150W LED Electrical Push Button Dimmer, an advanced dimmer switch with cutting-edge technology for your lighting needs. With automatic load type detection and minimum load cut-off adjustment, this dimmer is designed to reduce flicker at low dimming points. It is compatible with all LEDlux, Lucci, MFL By Masson, and Made By Mayfair products, making it a versatile choice for your lighting system.

The Lucci Power 150W LED Electrical Push Button Dimmer is supplied without a switch plate, but it can easily pair with many popular brands, including Beacon's Lucci Power Gravity and Quantum ranges. This dimmer is suitable for LED drivers only and has the ability to set minimum and maximum dimming ranges, as well as featuring a reset function and other useful features detailed in the instruction manual.

With the CCT technology, this dimmer works seamlessly with the CCT at wall switch product range, allowing you to adjust the colour temperature of your lighting to suit different moods or activities. Additionally, the matte and gloss-finished knobs included in the box provide a customizable finish to match your existing décor. Upgrade your lighting control system with the Lucci Power 150W LED Electrical Push Button Dimmer for stable control and smooth lighting transitions.
