

Lucci Power DC Photoelectric Smoke Alarm in White

SKU: 299271

Details

The Lucci Power DC photoelectric smoke alarm is a battery-powered smoke detector designed for homeowners who require reliable smoke detection but cannot access wires. It operates using a 3V DC lithium battery, providing consistent power and smoke detection for up to 10 years.
The alarm meets the highest safety standards, producing a horn level of 85dB at 3 metres minimum for ample warning in the event of a fire.
The Lucci Power DC smoke alarm is also interconnecting through a hardwire connection, allowing it to be connected to up to 48 alarms over a maximum distance of 150 metres, ensuring all rooms are covered for optimal protection.
It has a standby current of 10uA and an alarming current of 100mA, making it an energy-efficient option. Additionally, the Lucci Power DC smoke alarm comes with a 10-year in-home warranty.
Must be installed by a licensed electrician.
