

Made by Mayfair Luella 1.5m LED Colour-Shifting Pendant in Solid Brass with Spanish Alabaster

SKU: 039278

$3,895.00 (inc GST)

Details

Designed in Australia

A statement in refined simplicity, the Luella pendant is an original Made by Mayfair design, conceived in Australia and guided by a commitment to authentic materials and enduring form. Its elongated silhouette brings balance and presence to kitchen islands and dining settings, reflecting a considered design lineage shaped by material, light and form.

Provenance of Stone

Each piece is crafted from premium Spanish alabaster, sourced from the same historic quarry celebrated for supplying the iconic Sagrada Família. Revered for its exceptional purity and luminous quality, this rare stone softly diffuses light while revealing delicate, organic veining. As a natural material, every pendant is inherently unique, with subtle variations that enhance its individuality. With quarry reserves gradually diminishing, its rarity only deepens over time.

Material Integrity

Encased in solid brass and secured with finely detailed clasps, Luella reflects true material authenticity. The richness and weight of real brass offer a timeless finish, perfectly complementing the gentle glow of the alabaster for a look that feels both elevated and enduring.

Lighting Experience

Engineered with advanced LED technology, Luella features CCT colour-changing capability, allowing you to explore and refine the perfect light temperature for your space. Its high lumen output delivers clarity for task-focused areas, while full dimmability invites a softer, ambient atmosphere when desired.

Engineered for Longevity

Built with serviceable drivers and designed to meet stringent Australian standards, this pendant ensures lasting performance and reliability—supporting both longevity and peace of mind.

Confidence in Every Detail

Supported by premium in-home warranty service and the reassurance of a trusted brand, Luella is a refined expression of material integrity and architectural lighting—where rare

material, precision detailing and advanced lighting technology are resolved without compromise.

Specifications

SKU	039278
Colour/Finish	Solid Brass/Alabaster
