

Made by Mayfair Luella 16 Light Pendant in Solid Brass with Spanish Alabaster

SKU: 039291

$4,295.00 (inc GST)

Details

Designed in Australia
A statement in refined simplicity, the Luella pendant is an original Made by Mayfair design, conceived in Australia and guided by a commitment to authentic materials and enduring form. Its sculptural, multi-light composition brings balance and presence to dining spaces and voids, reflecting a considered design lineage shaped by material, light and form.

Provenance of Stone
Each shade is crafted from premium Spanish alabaster, sourced from the same historic quarry celebrated for supplying the iconic Sagrada Família. Revered for its exceptional purity and luminous quality, this rare stone softly diffuses light while revealing delicate, organic veining. As a natural material, every element is inherently unique, with subtle variations that enhance its individuality. With quarry reserves gradually diminishing, its rarity only deepens over time.

Material Integrity
Encased in solid brass and secured with precisely detailed fittings, Luella reflects true material authenticity. The richness and weight of real brass offer a timeless finish, elevating the repeated rhythm of alabaster shades into a cohesive, architectural statement.

Lighting Experience
Luella includes warm white G9 LED globes, so there is no need to purchase globes separately. Their inviting warm white light creates a welcoming atmosphere in dining and living spaces, pairing energy-efficient LED illumination with the natural beauty of Spanish alabaster. The stone gently diffuses the light into a soft, ambient glow, highlighting its delicate veining and bringing warmth and depth to your interior.

Engineered for Longevity
Built with serviceable drivers and designed to meet stringent Australian standards, this pendant ensures lasting performance and reliability—supporting both longevity and peace of mind.

Confidence in Every Detail
Supported by premium in-home warranty service and the reassurance of a trusted brand, Luella is a refined expression of material integrity and architectural lighting—where rare

material, precision detailing and advanced lighting technology are resolved without compromise.

Specifications

SKU	039291
