Made by Mayfair Luella 600mm LED Colour-Shifting Wall Bracket in Solid Brass with Spanish Alabaster

SKU: 198115

Details

Made by Mayfair Luella Vanity Light

Make the bathroom feel considered and luxurious with the Luella Vanity Light, part of the Made by Mayfair collection. Its substantial form is crafted from high-quality solid Spanish alabaster, a natural stone prized for its beautiful translucency, depth and distinctive veining. Every piece is inherently unique, with subtle variations in tone and pattern giving each fitting its own character. Paired with refined brass detailing, the stone becomes softly luminous when lit, creating a striking statement above or beside the vanity.

Designed specifically for bathrooms, Luella is IP44 rated for use near splash zones and delivers high-output integrated LED lighting for clear, practical illumination at the mirror. Dimmable functionality and colour Scene Control let you move effortlessly from bright vanity lighting to a softer, more atmospheric glow. Choose 600mm for vertical or horizontal placement, or 900mm to create greater impact across a wider vanity or mirror.

TIP: Pair with other Made by Mayfair Luella pieces to carry the beauty of Spanish alabaster throughout the home.

Specifications

SKU	198115
