Details

The Made By Mayfair Seaside collection is characterised by extraordinary visual depth, richly nuanced materials, and meticulous craftsmanship.
The Made by Mayfair Seaside range of exterior lighting is built to last. Cast in solid brass, they have superior anti-corrosion properties and can tolerate the harsh climatic conditions of coastal living, whilst giving your home a luxurious and elegant look. Transform your home's façade and create an oasis of relaxation right in your backyard by using the MBM Seaside collection, inclusive of wall, up/down, step and garden lighting. The Made by Mayfair Seaside Escarpment features a stunning alabaster shade. Alabaster is a naturally occurring material, so there will be slight variations in colour and pattern which makes every piece unique. Made from solid brass, this fitting begins to develop its distinctive patina as soon as it's exposed to the environment, with natural variations in colour and tone adding to its unique character over time.
