Details

The Made by Mayfair Seaside Sol wall sconce pairs sculptural refinement with high-performance materials, offering a timeless lighting solution for premium exteriors. Featuring a beautifully finished dome shade in natural Spanish alabaster, the Sol sconce emits a warm, diffused glow that enhances architectural surfaces. Its solid metal frame – available in aged bronze, brass, or verdigris – offers a choice of sophisticated finishes, each suited to a range of modern and transitional outdoor settings. Designed for coastal durability and visual impact, this IP65-rated fitting brings elegance and craftsmanship to any façade. Subtle in form yet rich in materiality, Sol is ideal for accent wall lighting in high-end residential landscapes.

The beauty of patina

A natural finish that ages gracefully.

Some of our fittings are crafted from raw, high-quality materials designed to develop a natural patina over time. This ageing process is a beautiful, expected change, not a flaw.

If you love an evolving finish, this is the perfect choice. If you prefer a consistent look, consider a coated option instead.
