Details

The Manor range of pendants have a refined Industrial style. Industrial is also about minimalist and unfinished and old style looks. You have the ability to customise your lighting with the Manor range as it is Mix and Match. You can choose from a selection of metal or glass shades and a metal cage. You then select a rod or a suspension cord, adjust the height of the suspension cord or rod as needed and hang. Try using a single globe on its own with a suspension cord or rod for that minimalist look. Cluster and hang at different lengths to create a wow factor. Cord suspension – covered black woven cloth. Aged steel canopy - superb attention to detail. Copper finished cast lamp holder has superb attention to detail. It is very solid and has a heavy old world feel. Ability to take many different combinations of shade, glass, and decorative cage. Would look great hung beside a bed or over a kitchen bench. The aged steel, oil rub bronze and antique brass finishes within the range are both suited to a warehouse decor or add impact to a plain room. A mix of three different styles would be effective hung over a heavy industrial style wooden dining room table. Add the metal Shade, glass shade, decorative cage or a combination lamp; finish your own look with a Karbon globe!
