

Mantus 142cm DC Fan with Light in Black

SKU: 213274

Details

The Mantus ceiling fan range combines bold contemporary styling with powerful airflow performance, making it well-suited to spacious living areas, bedrooms and covered outdoor spaces. Available in black or white, the range features six broad ABS blades with a sleek aerodynamic profile that creates a strong visual presence while maintaining a clean, modern aesthetic.

Powered by an energy-efficient DC motor, the Mantus delivers impressive airflow with quiet operation and includes a 7-speed remote for convenient everyday control. The integrated light is compatible with a replaceable GX53 globe, allowing the light source to be easily maintained over time. Coastal-rated construction extends the fan's suitability to covered outdoor environments, while the six-blade design provides excellent air movement for larger rooms. Combining striking design, reliable performance and practical functionality, the Mantus range is a versatile choice for modern homes.

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC or direct current fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6-speed remote control with timer function and natural wind mode included.

Optional Light

Versatility to use light with GX53 globe (sold separately), or use the included cap to cover the socket for a no-light option.

Coastal Rating

Suitable for indoor, alfresco, and coastal areas, provided the fan is fully undercover, protected from water, wind, and dust, with a minimum of 1 wall.

Recommended Room Size

For rooms between 4m x 4m or greater, we recommend a fan between 142cm and above.

2-Year In-Home + 7-Year Motor Replacement Warranty
We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
