Merci Collection

The Merci collection is designed in Australia as a reinterpretation of mid-century design. These pendants, available in two sizes and colour combinations, are captivating focal points for contemporary interiors. The classic opal glass option is paired with luxurious brass and Italian marble, creating an effortlessly sophisticated design. For a richer, more dramatic look, the retro-inspired milk glass is complemented by bronze and Turkish travertine, emitting a warm, inviting glow ideal for intimate spaces like dining rooms, bedrooms, and living areas. Perfect as standalone pieces or arranged in clusters, Merci pendants are designed to provide ample light while introducing an elevated sense of style.

TIP: The milk glass and travertine option pairs beautifully with natural textures and warm hues to emphasise its earthy, vintage appeal.
