

MFL Academy LED Colour-Switching Wall Bracket in Brushed Nickel

SKU: 197055

Details

The MFL Academy wall light is a sleek and modern lighting solution with a minimalist cylinder pipe design that sits off the wall to provide a wide spread of light for mirrors or artwork. It features CCT technology, allowing for easy colour temperature adjustments using a toggle switch on the top. This makes it ideal for providing warm, cool, or daylight lighting depending on the desired ambiance. The light is also dimmable for further customisation.

Available in matte black, matte white, and polished chrome finishes, this adjustable wall light can be angled to provide precise lighting control for highlighting artwork or illuminating bathroom vanities. With its minimalist design and customisable lighting options, the MFL Academy wall light offers a perfect balance of form and function.

Overall, the MFL Academy wall light is a practical and sophisticated lighting solution that blends seamlessly into any décor. Its CCT technology and adjustable pipe provide optimal lighting control, while its sleek and modern design adds a touch of sophistication to any room.
