

MFL Click Sensor 92mm Cut Out with White Trim

SKU: 177093

$109.00 (inc GST)

Details

A calibration between Lucci Connect and MFL Click that uses the latest in smart functionality, the MFL Click White trim Sensor is an innovative new way to light your way. After installing the MFL Click connect downlight system in your home, this sensor can be wired to your lights so they come on when you go past. This is best mounted between 2.2m to 4m and has a detection area of approximately 6m away at an angle of 360 degrees wide - this can vary depending on the mounting point. This sensor has a manual override function allowing you to turn your lights on manually, if required. The MFL Click Trimless Frame Kit SKU 177092 is required for installation, this is sold separately.
