

MFL Duke 5 Light LED Colour-Shifting Pendant in White with Adjustable Telescopic Heads

SKU: 027041

$795.00 (inc GST)

Details

The MFL Duke LED pendant range is perfect for those who want modern, adjustable lighting for their home. Colour changing technology allows you to easily adjust the colour temperature of the lights, and each head is adjustable and telescopic, allowing you to direct the light wherever you need it to be. With a simple, sleek design and metal detailing, the MFL Duke can be used throughout your home to provide ample illumination for your daily routine. Available in black or white as a 1.5 metre 5 light pendant, or 2.2 metre 7 light pendant. Add optional decorative sleeves (available in brushed chrome and brass, sold separately) to create a unique look with your pendants. Add one or two sleeves for a subtle highlight, or cover all the heads for a bold metallic statement.
