
MFL Forge Textured Dimmer in Brass

SKU: 311031

Details

The MFL Forge Textured Dimmer is designed to elevate both style and function. Available in painted white and black, or in brushed electroplated brass, aged nickel, antique brass, and bronze finishes, it adds a refined touch to any interior. The textured design enhances the look and feel of the dimming knob, bringing both elegance and practicality to everyday use. For convenience, we've created bundle SKUs that group the Lucci Power rotary dimmer with your preferred MFL Forge dimmer detail.
