Monsoon Lighting Collection

The Monsoon collection captures light and movement in a striking display, balancing a refined frame with cascading glass. Available in polished chrome with clear glass or bronze with sepia glass, the collection offers a range of configurations to suit your space, including a single pendant, 4-light, and 9-light designs, as well as a matching wall sconce. The single pendant is perfect for adding a subtle, sophisticated touch to smaller spaces such as bedsides, hallways and niches. The 4-light option provides balanced illumination for dining rooms or kitchens, while the grand 9-light chandelier commands attention in larger areas like stairwells, voids, or open-plan living spaces. Whether you choose the sleek, reflective finish of chrome with clear glass or the warm, moody elegance of bronze with sepia glass, the Monsoon collection is a statement in modern or transitional interiors.

TIP: Use the 9-light chandelier in double-height spaces to highlight its dramatic scale, and pair it with the matching wall sconces for a cohesive lighting scheme.
