

Odeon LED Day Night Sleep+ Task Lamp in White with Brass Finish

SKU: 001010

Details

Enhance your work environment with the Odeon Live Well LED task light, a sophisticated lamp in a high gloss finish. Available in white with brass accents or black with bronze detailing, the Odeon Live Well ensures even light distribution to minimise cross-shadowing and reduce eye strain, making it an ideal addition to your workspace.
Crafted for optimal functionality, the adjustable rod and shade add to the lamp's aesthetic appeal. The touch-dimmable feature provides convenient control over the soft, warm light with a simple touch.
The Odeon collection also features Live Well Day Night Sleep technology. Engineered to help you get the most out of your day, increase concentration and improve your sleep.
During the day, the Day Scene setting fills your space with energy-boosting light scientifically proven to make you feel more alert and energised.
When set to Night, the health light reduces blue light and lowers the colour temperature to promote the production of melatonin, the hormone which prepares your body and mind for sleep.
When it's time for bed, the Sleep Scene provides an ultra-soft and warm light that's perfect for late-night thoroughfares and bathroom wakeups without causing further interruption to your body's melatonin production.

Specifications

SKU	001010
Colour/Finish	White/Brass
Dimmable	Yes
Globe Type	Integrated LED
Globe Quantity	0
