

Parker 1 Light Drop Pendant in Aged Brass

SKU: 018101

$249.00 (inc GST)

Details

With nods to mid-century modern design and elements of 80's retro-inspired and even Art Deco interiors, Parker is a versatile statement with broad appeal.
The Parker collection celebrates minimalist design, featuring a unique and hidden mounting bracket that seemingly blends within the structure, providing an unbroken silhouette.
The one light is a point of minimalist drama, with just a single pipe of steel capped by the globe to create a simple yet stunning look, while the two light features an adjustable arm, allowing for greater flexibility and is ideal for bedsides. The three light close-to-ceiling option has a playful 80s style and looks incredible with either frosted or clear globes. In contrast, the six light pendant has been designed on an epic scale that will make a stunning feature piece in any modern home.
Available in either matte black or aged brass.
Not compatible with G125 globes.
