

Parsec Large DC Exhaust Fan/LED Light with 300mm Dia Cut Out in White

SKU: 200084

\$279.00 (inc GST)

Details

Sleek, versatile, and ideal for small to medium-size bathrooms, ensuites and laundries, the Parsec large exhaust fan with LED light combines effective everyday ventilation with bright, well-balanced illumination. The integrated LED delivers 900 lumens with CCT colour selection at installation, filling your space with flattering light while maintaining a minimalist matte white ceiling presence. An efficient DC motor provides reliable extraction suited to wet areas, with fan and light able to operate independently for flexible use. Installation is simple with durable pivot clamp clips and flexible ducting options (100mm or 150mm) for a tailored fit. With an IP24 rating and a serviceable built-in LED featuring a quick-connect loom and replaceable parts available, this fitting is built for long-term performance.

TIP:

For enhanced moisture control, add a run-on timer (sold separately) to keep the fan running after use—helping reduce condensation and the risk of mould. Not sure which fan is best for your space? Speak to our team—we use a handy airflow calculator to help you pick the right model.

Certified Airflow Performance

This fan has been tested to the internationally recognised ISO 5801 standard, ensuring its airflow performance is accurately measured and validated in real-world applications.

Specifications

SKU	200084
Colour/Finish	White
Airflow	400m3/hr
Globe Included	false
Kelvins	3000K/4000K/5000K
Lumens	900
Dimmable	No
Wattage Max	14W

Globe Quantity	0
Globe Type	Integrated LED
Efficacy	64.3
Voltage	240V
Current	DC
Fan Motor Wattage	30W
Decibels	47
Rpm	0
Brand	Lucci Air
Style	Modern
Warranty	3 years
