

Philips Hue 9.5W BC Globe in Warm White

SKU: 121381

Details

With the Philips Hue iOS and Android Apps, you can control your lights remotely wherever you are. Check if you have forgotten to switch your lights off before you left your home, and switch them on if you are working late. You can make schedules to allow your lights to come on at a pre-set time and even light up different rooms at different times. Experience guaranteed smooth dimming. No need for wires, an electrician or installation. Philips Hue lights require connection to a Philips Hue Bridge, sold separately, to control your lights from your smart phone or tablet. This product is only dimmable if connected to the Philips Hue bridge or to a Philips Hue compatible device.
