

Philips Hue Bridge V2

SKU: 121389

Details

Get started with Philips Hue and control your lights from your smart phone or tablet, or even with your voice. The Philips Hue bridge is the heart of the system. It unlocks endless possibilities through the Philips Hue app. The Philips Hue bridge is all you need to set up your personal Philips Hue system. This is actually the brain of the operation that enables you to control all of your Philips Hue products via the Philips Hue app. Once you have installed the Philips Hue bridge and downloaded the Philips Hue app on your smart device, you can set your imagination free and build your very own system. The bridge is powerful enough to take up to 50 lights. In the Philips Hue System, you can also connect accessories to enhance your connected lighting experience. With the Philips Hue iOS and Android apps you can control your lights remotely wherever you are. Check if you have forgotten to switch your lights off before you left your home, and switch them on if you are working late. Philips Hue works with Amazon Alexa, Apple HomeKit and Google Home, powered by the Google Assistant, to allow you to control your lights with your voice. Turn your lights on and off. Dim to the desired brightness for a perfect ambiance. Even recall pre-set scenes, change colours and more - all without lifting a finger.
