

Philips Hue Go 6W Dimmable RGB + White Table Lamp

SKU: 121387

Details

The Philips Hue Go portable light is the most versatile light in your home. When plugged into a power outlet, use it to paint your walls with coloured or white light. Unplug it from the power outlet and Philips Hue Go becomes a portable centerpiece you can carry to bring the best light for your activities. Powered by a rechargeable internal battery, it can last up to 3 hours. Also in portable mode, Philips Hue Go can be fully controlled with your smart device. The built-in smart battery management guarantees maximum usage. Although Philips Hue Go is not waterproof, it is designed to withstand high humidity. Control Philips Hue Go even without your smart device at hand. Activate light settings directly by pressing the button on the product. Choose from 7 different light effects: functional warm white light, cool energizing daylight, and 5 natural dynamic light effects that match your special moments. Or cycle through the colour choices by quickly tapping and then holding the button until the desired colour comes up. The fun really starts when you connect Philips Hue Go with the Bridge. Control Philips Hue Go from your smart device and discover the endless possibilities. Play with light and choose from 16 million colours to instantly change the look and atmosphere of your room. Set the scene effortlessly with one touch of a button. Use a favourite photo and relive that special moment with splashes of light. Save your favourite light settings and recall them whenever you want with the tap of a finger. Extend your TV viewing experience to the whole room or sync light to your favorite music and see how light reacts to the rhythm. Download the third party apps and discover the amazing things you can do with Philips Hue. Enhance special moments with living light. Philips Hue Go has 5 patented natural dynamic effects: Cozy Candle, Sunday Coffee, Meditation, Enchanted Forest, and Night Adventure. Each dynamic effect has its own mix of colours to set the right mood. Connect your Philips Hue lights with the bridge and start discovering the endless possibilities. Control your lights from your smartphone or tablet via the Philips Hue app, or add switches to your system to activate your lights. Set timers, notifications, alarms, and more for the full Philips Hue experience. Philips Hue even works with Amazon Alexa, Apple Homekit and Google Home to allow you to control your lights with your voice.
