Details

The Lucci Piper mini LED deck lights offer a sleek and subtle solution for outdoor illumination, perfect for enhancing safety and ambience around steps, decks, and pathways. Their minimalist design features a durable 304 stainless steel body and glass lens, delivering a clean, modern finish that suits a variety of exterior styles. Available individually or in a convenient 4-light kit, the Piper range is fully coastal rated and backed by a 5-year warranty. The single light connects directly to Beacon's DIY Quick Connect system, while the 4-light kit features a daisy-chain configuration with a total cable reach of 8.4 metres. Emitting a warm 3000K glow, these compact fittings are ideal for low-profile lighting with maximum effect.
