

Pixel 1 Light DIY Surface Mount in Brass

SKU: 080732

Details

Achieving an architectural look has never been so easy - with this world-first innovation! Pixel in brass is the first-ever surface mounted downlight that can be installed right over the top of an existing batten, without the need for an electrician. Now you can have a designer aesthetic in a few simple to follow steps; 1. Remove your boring old batten shade. 2. Attach the Pixel frame. 3. Insert your globe. 4. Twist on the Pixel sleeve. Pixel Surface Mounted Downlights are a great way to achieve a clean and modern look, casting pools of light onto work surfaces with minimal glare. Ideal for flooding benchtops with light, creating a glare-free ambience in a living space, or transforming a hallway into an architecturally inspired gallery. Also available in white. Exclusive to Beacon Lighting.
