

Portia LED Rechargeable Battery Wall Bracket in Aged Brass and White Linen

SKU: 300962

$49.95 (inc GST)

Details

Portia Rechargeable Wall Light

The Portia rechargeable wall light combines the timeless appeal of a linen shade with a refined metal finish, delivering the elegance of a traditional wall light without hardwiring. Featuring an integrated rechargeable battery, Portia charges via USB-C, reaching a full charge in approximately 5 hours and providing up to 10 hours of cordless illumination, or around 5 hours when used continuously at full brightness.

Designed for flexible placement, it can be mounted using the included wall bracket with screws or double-sided tape, or attached directly to magnetic surfaces using its integrated magnetic backing. Touch controls make it easy to dim the light and switch between warm, cool and daylight colour temperatures to suit any occasion. Available in aged brass with an off-white linen shade or bronze with a natural linen shade, Portia is engineered to meet stringent quality control and Australian safety standards, making it a stylish solution for bedrooms, reading nooks and living spaces.

TIP

For the longest runtime, dim the light to create a softer ambient glow and enjoy up to 10 hours of illumination between charges.

Specifications

SKU	300962
Colour/Finish	White/Aged Brass
Dimmable	Yes
Ip Rating	IP20
Globe Type	Integrated LED
Globe Quantity	1
Wattage Max	2W
Kelvins	3000K/4000K/5000K
Lumens	70
Efficacy	35

Colour Temperature	Warm White, Cool White, Day Light
Material	Metal + Fabric
Voltage	5V DC
Double Insulated	false
Backing Plate Size	Dia:100
Warranty	2 years
Brand	Lucci
Style	Modern
Downlight Technology	Scene Change via Touch Button
