Details

Preston Pendant

The Preston pendant redefines architectural minimalism with its striking design and thoughtful functionality. With three adjustable arms extending from a central spine, you can customise the Preston's silhouette by tilting the arms up or down. This versatile pendant incorporates sustainable design principles, using the innovative S14d globes to allow you to achieve a tailored aesthetic. Choose from frosted globes for a clean, modern look or sepia-toned globes for a warm, ambient glow. Preston is available in black, aged brass, and bronze finishes. Perfect for voids or expansive living spaces, it combines a commanding sense of scale with an airy, lightweight presence. A complementary single-light version is also available.
TIP: Use tiltable arms to personalise the pendant's silhouette, adapting it to suit your room's proportions.
