

Reef 200mm Round Exhaust Fan and LED Light with 240mm Dia Cut Out in White

SKU: 209034

Details

The Reef small exhaust fan with LED light is a compact, all-in-one solution for ventilation and illumination in small bathrooms, ensuites, laundries, and powder rooms. Its minimalist white fascia sits flush to the ceiling, housing both a balanced airflow fan and a bright 1150-lumen LED light with CCT colour selection at installation. Designed for everyday performance, it's ideal for compact wet areas where both function and simplicity matter. Installation is easy with swing clamp clips, a 240mm cutout, and plug-in connection. Suitable for 100mm ducting, with a built-in backdraft stopper and thermal cut-off switch for added safety. The integrated LED is serviceable, with a quick-connect loom and replacement parts available for peace of mind.

TIP:

For enhanced moisture control, add a run-on timer (sold separately) to keep the fan running after use—helping reduce condensation and the risk of mould. Not sure which fan is best for your space? Speak to our team—we use a handy airflow calculator to help you pick the right model.

Certified Airflow Performance

This fan has been tested to the internationally recognised ISO 5801 standard, ensuring its airflow performance is accurately measured and validated in real-world applications.

Specifications

SKU	209034
