

Reef 250mm Round Exhaust Fan and LED Light with 290mm Dia Cut Out in White

SKU: 209035

Details

The Reef large exhaust fan with LED light is a practical and streamlined solution for ventilation and illumination in small to medium-sized bathrooms, ensuites, and laundries. Its clean white fascia blends seamlessly into the ceiling, combining balanced airflow with powerful brightness. The integrated LED delivers 2000 lumens with CCT colour selection at installation, lighting your space while managing moisture and odours with ease. Ideal for everyday use, it installs quickly with swing clamp clips, a 290mm cutout, and a plug-in design. Suitable for 150mm ducting, it also features a built-in backdraft stopper and thermal cut-off switch for added safety. The serviceable LED includes a quick-connect loom with replacement parts available for peace of mind.

TIP:

For enhanced moisture control, add a run-on timer (sold separately) to keep the fan running after use—helping reduce condensation and the risk of mould. Not sure which fan is best for your space? Speak to our team—we use a handy airflow calculator to help you pick the right model.

Certified Airflow Performance

This fan has been tested to the internationally recognised ISO 5801 standard, ensuring its airflow performance is accurately measured and validated in real-world applications.

Specifications

SKU	209035
