

Selene 430mm Round LED Colour Shifting Pendant in Natural Travertine

SKU: 020960

Details

Selene LED ring pendant collection

The Selene LED ring pendants combine solid natural Turkish travertine with refined metal accents, delivering a sculptural presence with a warm, grounded aesthetic. Each piece is shaped from stone with its own distinctive veining and tonal variation, ensuring no two are ever alike. Available in three sizes, each pendant mirrors the elegant arched profile of the popular Bridge range, reinterpreted in a sleek, circular form. Integrated energy-saving LEDs with full dimming capability ensure long-lasting performance and precise ambience control. The colour temperature can be set at installation to 3000K, 4000K or 5000K, or you can select the innovative Scene Control mode for complete flexibility. Using a standard wall switch, simply flick Off/On within three seconds to cycle between the three settings, tailoring the mood and brightness to suit the moment and support natural circadian rhythm. Selene is equally striking as a singular statement over a dining table or as a dramatic cluster in a soaring void.

Specifications

SKU	020960
Colour/Finish	Natural Travertine
Dimmable	Yes
Recommended Dimmers	All Lucci Power, MFL, and Buster + Punch dimmers.
Globe Type	Integrated LED
Globe Quantity	0
Wattage Max	40W
