Details

The Lucci Sentinel garden spike is a powerful low-voltage LED flood light designed for flexible outdoor use. Finished in black with a robust aluminium and PC construction, it's engineered to endure coastal conditions while providing reliable performance. Emitting a warm 3000K light, the Sentinel is ideal for tree uplighting, architectural highlights, or general garden illumination. It includes a ground spike for uplighting or can be wall-mounted for broader applications. Featuring an IP65 rating, DIY quick-connect wiring, and backed by a 5-year warranty, this fitting is a versatile addition to any low-voltage outdoor lighting plan.
