

Sentinel 12/24V LED Pond Light in Brass

SKU: 221141

Details

The Lucci Sentinel LED submersible pond light is a premium option for illuminating water features with both durability and elegance. Crafted from solid brass with a glass lens, this compact fitting is designed for full submersion up to 2 metres, making it ideal for ponds, fountains, and other water installations. With an IP68 rating on the light body and a generous 6-metre cable, it offers reliable performance in coastal or high-moisture environments. Please note: while the fitting itself is submersible, the included DIY Quick Connector is IP65 rated and must remain above water. Backed by a 5-year warranty, the Lucci Sentinel combines robust construction with refined design to elevate your outdoor space.
