

Sentinel Up/Down Wall Bracket with Microwave Sensor in Black

SKU: 240932

$199.00 (inc GST)

Details

The Sentinel range now includes a twin spotlight and up/down wall bracket fitted with a discreet microwave motion sensor for smarter outdoor lighting. Available in black and white, these fixtures are designed to provide practical illumination while maintaining a clean and modern aesthetic, especially with the low-profile sensor on the black version. Made from 304 stainless steel and glass, both fittings are coastal-rated and IP54 weather-resistant. The microwave sensor offers a 120° detection angle with a maximum reach of 7 metres, and comes with a remote control for convenient adjustment of sensitivity, timer settings and ambient light detection. Each fitting features GU10 sockets and is compatible with LED globes up to 10W max. Ideal for garages and the sides of homes, the Lucci Sentinel range delivers reliable, customisable lighting in a contemporary form.
