

Slipstream 132cm DC Fan with Light in Black

SKU: 213307

Details

Designed to cool down every Australian home during the hottest summer days, the Slipstream ceiling fan in white is simple, durable, and energy-efficient, making it the perfect choice for indoor and alfresco spaces. With minimal energy usage, the Slipstream still delivers a superior airflow of over 168 cubic meters per minute, keeping your electricity bills low while also reducing your impact on the environment.
Available in black or white

DC Motor - Efficient, Cost Saving, and Quiet

The most energy-efficient ceiling fans on the market right now are DC, or direct current, fans. The key to their improved airflow and low energy consumption is their motor, which also helps you save money on your electricity bill. Since the motor is small and light, DC ceiling fans have sleek designs that fit better in your interiors and cost just one cent an hour to run. Additionally, they are silent in operation, making them ideal for private spaces in your house like the bedroom. You have a lot of versatility with the speed settings of DC fans, which range from a light breeze to an extremely intense airflow.

Remote Control

6-speed rechargeable remote control. *USB-C cord and charger are not included. For instructions on how to pair the remote, please follow the steps in this video: Remote Pairing

Smart Compatible

Insert the Lucci Connect Wi-Fi Module (sold separately - 216180) into the receiver to activate smart functionalities. Once paired with the Lucci Connect app, you can turn your fan on/off, adjust its speed, set timers, and even create schedules based on the temperature outside.

Optional Light

Versatility to use light with included GX53 globe, or use included cap to cover the socket for a no light option. The GX53 globe included has colour changing technology (warm-white, cool-white and daylight), and can be smooth dimmed via the remote control.

Coastal Rating

Suitable for indoor, alfresco, and coastal areas provided the fan is fully undercover, protected from water, wind, and dust, with a minimum of 1 wall.

Recommended Room Size

For rooms between 3m x 3m and 4m x 4m, we recommend a fan between 122cm and 142cm.

2-Year In-Home + 7-Year Motor Replacement Warranty

We provide a 2-year in-home warranty and a 7-year motor replacement warranty on all hard-wired Lucci or Fanaway fans that were purchased from 1st October 2022. Plus, if you have your fan purchased or installed by a Beacon Lighting Trade member, we'll extend your in-home warranty on the nominated Lucci or Fanaway fan for an extra 1 year, which means you'll enjoy a 3-year in-home warranty.
