

Smith II LED Table Lamp in Brushed Chrome

SKU: 261542

Details

The Smith II table lamp features a brushed chrome metal finish with a refined, flattened shade that creates a clean mid-century inspired silhouette. The updated design conceals the visible light source for a more streamlined appearance while maintaining the distinctive profile of the original Smith lamp. An integrated LED light source provides adjustable colour temperatures from 3000K to 5000K, allowing the light tone to be tailored to different settings. The lamp also features touch control with smooth dimming, making it easy to adjust brightness throughout the day. A USB-C charging port is built into the base, adding convenient device charging alongside everyday lighting. Compact in size, the Smith II table lamp works well on bedside tables, desks or home office surfaces, combining contemporary styling with practical functionality.
