

Sofia 400mm Linen Drum Shade Kit in Tan

SKU: 311207

Details

Bring a considered finishing touch to your lighting with the Lucci Sofia 400mm Linen Drum Shade Kit in Tan. Warm tan linen adds an earthy accent and a sense of depth to the clean drum silhouette. This shade kit brings the linen fabric and matching metal rings together, making it easy to create a coordinated drum shade for a compatible fitting.

Design and Styling

Complement the tan fabric with walnut tones, warm metallics or muted neutrals for a grounded look with a mid-century influence. The assembled shade measures 400mm in diameter and 250mm high. The 400mm diameter offers a balanced, mid-sized profile for a considered lamp or pendant arrangement. Check its proportions against your chosen base or suspension before pairing.

Fabric and Rings Included

The kit includes the tan linen shade fabric and matching 400mm Sofia ring set. Simply clip the fabric onto the rings and fasten the Velcro seam to form the shade. Supplied as a flat-pack shade for assembly, it offers a practical way to update your lighting without replacing the whole fitting.

Pair with Your Preferred Fitting

The assembled shade suits ES/E27 lamp holders and BC/B22 lamp holders with the included shade adapter. Pair it with a compatible lamp base, batten fitting or pendant suspension. Options include suitable DARLY II lamp bases, CREATE II suspensions and DARLY DIY suspensions. Check the dimensions and compatibility of your chosen fitting before purchase. This is a complete shade kit, not a complete light fitting. Lamp bases, suspensions and globes are sold separately.

Explore the Sofia Range

Sofia shade fabrics are available in White, Oat, Tan, Grey, Moss Green and Black, in 300mm, 400mm and 500mm diameters.

Warranty

Includes a 12-month warranty.
