

Sofia 500mm Linen Drum Shade Kit in Tan

SKU: 311208

$59.90 (inc GST)

Details

Bring a considered finishing touch to your lighting with the Lucci Sofia 500mm Linen Drum Shade Kit in Tan. Warm tan linen adds an earthy accent and a sense of depth to the clean drum silhouette. This shade kit brings the linen fabric and matching metal rings together, making it easy to create a coordinated drum shade for a compatible fitting.

Design and Styling

Complement the tan fabric with walnut tones, warm metallics or muted neutrals for a grounded look with a mid-century influence. The assembled shade measures 500mm in diameter and 300mm high. The generous 500mm diameter creates a stronger visual feature, especially alongside a suitably scaled lamp base or suspension. Check the available space and fitting proportions before pairing.

Fabric and Rings Included

The kit includes the tan linen shade fabric and matching 500mm Sofia ring set. Simply clip the fabric onto the rings and fasten the Velcro seam to form the shade. Supplied as a flat-pack shade for assembly, it offers a practical way to update your lighting without replacing the whole fitting.

Pair with Your Preferred Fitting

The assembled shade suits ES/E27 lamp holders and BC/B22 lamp holders with the included shade adapter. Pair it with a compatible lamp base, batten fitting or pendant suspension. Options include suitable DARLY II lamp bases, CREATE II suspensions and DARLY DIY suspensions. Check the dimensions and compatibility of your chosen fitting before purchase. This is a complete shade kit, not a complete light fitting. Lamp bases, suspensions and globes are sold separately.

Explore the Sofia Range

Sofia shade fabrics are available in White, Oat, Tan, Grey, Moss Green and Black, in 300mm, 400mm and 500mm diameters.

Warranty

Includes a 12-month warranty.
