

Sofia 500mm Tan Linen Drum Shade Fabric Only

SKU: 090793

Details

Refresh your lighting with the Lucci Sofia 500mm Tan Linen Drum Shade Fabric Only. Warm tan linen adds an earthy accent and a sense of depth to the clean drum silhouette. This flat-pack fabric component lets you change the look of a compatible Sofia shade without replacing the whole lighting fitting.

Design and Styling

Complement the tan fabric with walnut tones, warm metallics or muted neutrals for a grounded look with a mid-century influence. When assembled with the matching Sofia rings, the shade measures 500mm in diameter and 300mm high. The generous 500mm diameter creates a stronger visual feature, especially alongside a suitably scaled lamp base or suspension. Check the available space and fitting proportions before pairing.

Simple Shade Assembly

The fabric clips onto a matching Sofia ring set and fastens with Velcro at the seam to form the drum shape. This product contains the shade fabric only. Purchase the 500mm Sofia ring set, SKU 090805, separately to complete the shade.

Create Your Lighting Look

Pair the completed shade with a compatible lamp base, batten fitting or pendant suspension. The Sofia range can be styled with DARLY II lamp bases, CREATE II suspensions or DARLY DIY suspensions. The assembled shade suits ES/E27 lamp holders and BC/B22 lamp holders with the shade adapter. Confirm compatibility with your chosen fitting before purchase. Lamp bases, suspensions and globes are sold separately.

Explore the Sofia Range

Sofia shade fabrics are available in White, Oat, Tan, Grey, Moss Green and Black, in 300mm, 400mm and 500mm diameters.

Warranty

Includes a 12-month warranty.
