

Sunset Illumi Solar LED Wall Bracket with 240V Backup and Sensor in Black

SKU: 221125

Details

The Sunset solar Illumi LED wall sconce with 240V power-boost offers dependable outdoor lighting with a sleek, modern design and enhanced nighttime performance. Ideal for sunlit exterior walls, it operates primarily on solar power while drawing from a 240V connection to maintain brightness and reliability. When ambient light drops below 20 lux, the fitting activates at 30% brightness from the solar-charged battery and boosts to 100% brightness when motion is detected. If sunlight during the day is insufficient, the 240V connection steps in to top up the battery, ensuring continued 30% illumination throughout the night. With a 120° PIR sensor, durable PC and aluminium construction, and IP65 coastal rating, this wall sconce is a smart and energy-efficient solution for year-round outdoor lighting. Backed by a 5-year warranty.

Specifications

SKU	221125
Colour/Finish	Black
Dimmable	2-stage Auto-dimming
Ip Rating	IP65
Globe Type	Integrated LED
Globe Quantity	0
Wattage Max	8W
Kelvins	3000K
Lumens	750
CRI	>80
Efficacy	93.75
Colour Temperature	Warm White
Location	Coastal Use
Material	Aluminium
Voltage	240V
Battery Type	18650-2P, 3.7VDC, 4400mAh

Battery Life	10 Hours
Battery Included	Yes
Charge Time	8 Hours
Warranty	5 years
Brand	Lucci
Style	Modern
