

Sync LED Up/Down Rounded Wall Sconce in Black

SKU: 231474

Details

The Sync LED wall sconce offers a clean architectural look with a choice of square or rounded profiles in black or white finishes. Its slim metal construction and concealed light source create a contemporary appearance that suits a wide range of residential and commercial applications. Designed for reliable outdoor performance, the Sync features an IP65 rating and coastal suitability, making it ideal for pathways, feature walls and exterior entertaining areas. The integrated LED includes selectable colour temperatures and dimming functionality, allowing the light output to be tailored to different environments and preferences. Available in both square and rounded edge designs, it provides a versatile lighting solution that balances modern styling with practical performance.
