

Sync LED Up/Down Rounded Wall Sconce in Black

SKU: 231474

$129.00 (inc GST)

Details

Balance soft lines with bold contrast using the Lucci Sync LED Up/Down Rounded Wall Sconce in Black. The rounded profile softens the minimalist form, while the black finish adds definition to contemporary exterior walls. Its concealed light source and up/down illumination create an architectural lighting feature with a clean, restrained presence.

Design and Styling

Measuring 190mm wide, 90mm high and just 30mm deep, this rounded outdoor LED wall light offers a slim solution for entrances, pathways and exterior entertaining areas. Die-cast aluminium and plastic construction complement the practical design. Style the black finish against light render, natural stone or timber for a distinctive yet understated accent.

Lighting Experience

The integrated 6W LED delivers 500 lumens with a choice of 3000K warm white, 4000K cool white or 5000K daylight, selected via the toggle. Choose warm white for a welcoming atmosphere, cool white for a crisp look or daylight for a brighter-toned lighting scheme. The up/down light distribution adds interest above and below the fitting.

Outdoor Performance

With an IP65 rating and coastal suitability, this exterior wall sconce is designed for outdoor use, including coastal settings. A 5-year warranty adds reassurance.

Explore the Sync Family

The Sync family also includes square and rounded wall sconces in black or white, alongside natural travertine and lava stone designs for a more textured architectural look.
