

Sync LED Up/Down Wall Sconce in Lava Stone

SKU: 231471

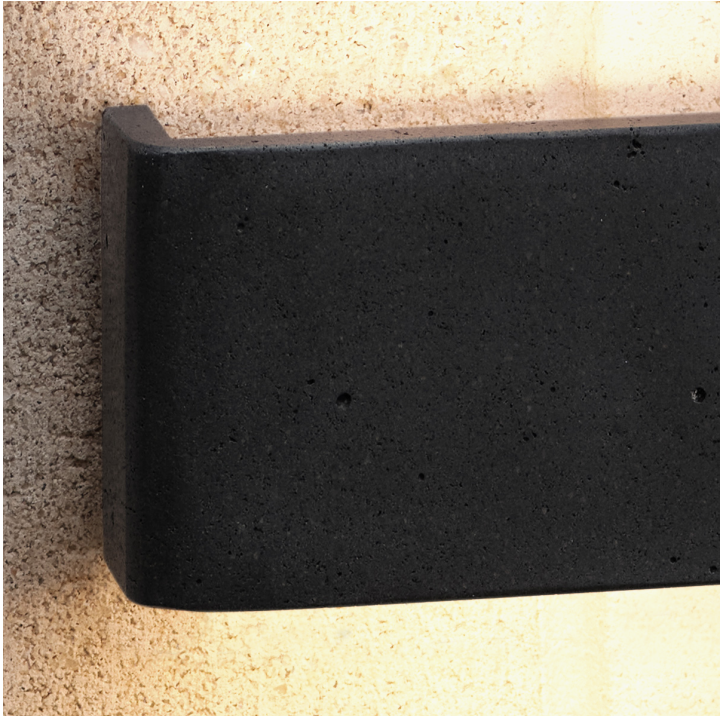

\$199.00 (inc GST)

Details

The Sync LED wall sconce combines natural stone finishes with integrated LED performance to create a refined lighting solution for indoor and outdoor spaces. Available in natural travertine and lava stone, its slim profile and concealed light source deliver a clean architectural look while highlighting the texture and character of the stone. Built for outdoor durability, the Sync features an IP65 rating and coastal suitability for reliable performance in exposed environments. The integrated LED includes selectable colour temperatures and dimming capability, allowing the light output to be tailored to different applications and moods. Ideal for pathways, feature walls and exterior entertaining areas, it provides a balance of decorative appeal and functional illumination with a modern, understated aesthetic.

Specifications
