Details

The Thorsten spotlight combines natural marble with metal detailing, available in white marble with aged brass or brown marble with bronze finishes. The cylindrical marble shade highlights the natural veining of the stone, ensuring each piece carries its own unique character. Designed with a GU10 lamp holder, the fitting offers 180° tilt and 330° rotation, allowing light to be directed precisely where it is needed. The compact spotlight form works well for focused lighting while the marble material adds a decorative, high-end finish. Ideal for kitchens, open living areas, hallways or highlighting artwork and desks, the Thorsten spotlight introduces a refined material palette while delivering practical directional lighting.
