Details

The Toro rechargeable desk fan combines retro-inspired styling with portable convenience, making it a practical companion for desks, bedside tables and workspaces. Available in almond and chrome finishes, its compact steel construction and articulated arm create a distinctive industrial look while allowing the fan head to be positioned exactly where airflow is needed.

Powered by a rechargeable battery and charged via USB-C, the Toro can be used without being tethered to a power outlet, making it easy to move between rooms or take on the go. Three fan speeds provide adjustable comfort, while the 360-degree adjustable head allows airflow to be directed with precision. Its compact footprint makes it ideal for smaller spaces where flexibility is important. Blending functionality with timeless design, the Toro offers a stylish and convenient cooling solution for everyday use.
