Details

The Tudor exterior wall light range combines traditional styling with durable outdoor performance. Available in two sizes, the range features a sculptural black frame surrounding opal glass panels that diffuse light evenly and create a welcoming glow for entrances, pathways and outdoor living areas. Constructed from aluminium, iron and glass, the Tudor range is IP65 rated and coastal rated for reliable use in exposed outdoor environments. The replaceable globe design provides flexibility to select the preferred light output, while the larger and smaller size options allow for consistent styling across different areas of the home. With its timeless lantern-inspired form and clean architectural lines, Tudor suits both classic and contemporary exteriors.
